

Waffle Weave

High Traffic • Indoor/Outdoor • Waffle Design

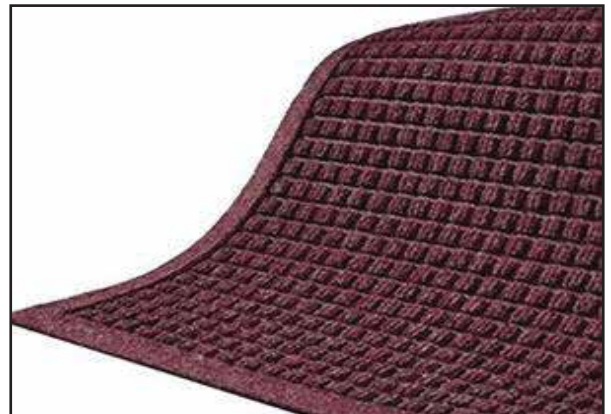

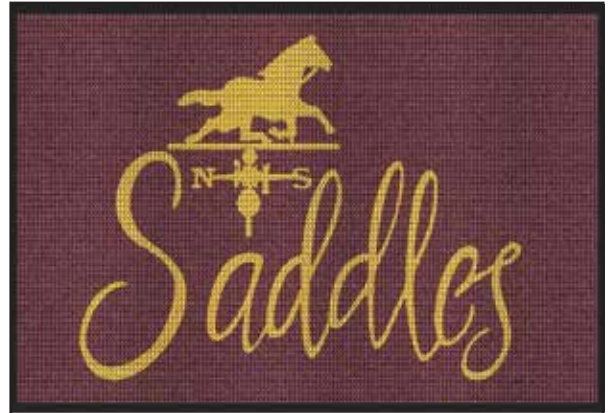

Waffle Weave's unique waffle design offers superior water control as it is designed to retain water; up to 1.5 gallons per square yard!

The raised waffles keep the walking surface of the mat above water and dirt and creates an unbeatable indoor/outdoor logo mat for challenging weather conditions.

Inlaid graphics, crush-resistant water channels, molded rubber border and slip-resistant rubber backing combines beauty and functionality to create a beautifully finished and highly functional mat.

Sizes: 2' x 3' to 6' x 20'

Please Note: Finished mats will be slightly smaller (up to 2.5%) than the stated size, due to the shrinkage which incurs during the manufacturing process.

Ideal Placement

Retail and Commercial Buildings • Hotels • Schools
Offices • Restaurants • All Weather Entrances
